

SPOKEN INTRO

██████████ Emperor of the Universe, year 2030
Humanity has spread into the cosmos
We have achieved utopia through a mixture of order and law(law and order)
And now we're gettin' down

SPOKEN INTRO(Cont')

The moonwalk, the astronaut, the whip, every dance is legal now
Well, except for one—

VERSE

Little buddy, are you're feeling lost in space?
Like the world keeps spinning while you're trapped in place
Little buddy, find the place in the Milky Way
Where the music shoots rocket fuel into your veins

INTERLUDE

Unlock the code to the GGG(G-ROOVE)
Remember, now, no one saw me

PRECHORUS

Take a trip to the ship

With the funky heartbeat

Take a trip to the end of the galaxy
And if they ask the passcode say
“gumbo sent me”

CHORUS

G-G-G, Galactic gumbo groove
Hey-oh-yeah, I swear the rumors are true
Galactic Gumbo Groove, the GGG,
G-R-O-O-V-E
Yeah!
