

### VERSE 1

Coffee lady, coffee lady  
Coffee girl, I'll make it big someday  
Consider you can say you watched me play  
If you watch me play

Coffee girl, with the coffee

### VERSE 2

Coffee lady, you look so fine  
Glittering like a piece of jewelry  
Everywhere but your ring finger, I see  
Coffee lady, coffee lady

### VERSE 3

Coffee lady, I have to agree  
That's the sexiest macchiato I've ever seen  
But is it sexier than my B-flat-seven-add-thirteen?  
(strumming)

### CHORUS(X2)

She loves your jazz(you are my jazz)  
I'm gonna make her heart sing  
She loves your jazz(you are my jazz)  
So gotta let this rhythm swing

### BRIDGE

Coffee lady, I double majored in jazz(break it down)  
(beat)  
Yes, don't look at me funny  
I swear what I've got's better than healthcare or money...

### INSTRUMENTAL—PIANO SOLO PT 1—SOLO KEYS + DRUMS

WHAT'S THAT?! RIGHT THERE?  
THE POWER OF TRITONE SUBS

## PIANO SOLO PT 2—WHOLE BAND IN

### CHORUS

### VERSE 3

Coffee lady, I've no clue why you're at a jazz club  
But stay for the sound of my love  
I'd serenade you for free(I do, kind of)

### OUTRO

Coffee girl, girl with the coffee  
They'll say music is my only love, or I'm gay  
But the future says you and music and me,  
Having a hella three-way!

### OUTRO(spoken)

...maybe more than that. What's that called? A throuple? A harem?  
...hello?
